

## COVIDCare@Home RESOURCES

To be able to assess our patient's risk at home, severity of symptoms, progression of illness and need to transfer to hospital, we need as many resources available in the community as possible. Here you will find a compilation of community-based resources to help in the care of your patients in their home.

### BLOODWORK

LifeLabs Mobile Collection & In-Home Lab Services (General Ph 1-877-849-3637)

Note: Requests for home blood collection and specimen pick up must be made by HCP

1. Complete a MOH Lab Req form, indicating frequency of visit and duration of service if applicable  
e.g. weekly for 1 month
2. Phone or fax the Mobile Lab Regional Office closest to the home of the patient  
\*if a same day urgent request CALL ideally before 11:30 AM  
GTA Office: Ph (416) 603-2446; Fax (416)603-2678
3. Once received, LifeLabs will notify patient of home visit appointment  
\*Report a nominal fee, max approx. \$30
